## Centrifuge Service Program

---

To initiate service of a Drucker product, please contact our customer service department by telephone or email. Our customer service department will provide a Return Material Authorization (RMA) number and instructions to return products to our depot service center.

**NOTE:** Approval is required before the item is to be returned to Drucker's approved servicing center. All returns must include the RMA number and be accompanied by the Certificate of Decontamination. If the product is not accompanied by the Certificate of Decontamination, fees will apply. The product should be returned using only approved packaging material and methods. Drucker Diagnostics is not responsible for any damage to product or packaging that may occur during transport. Please **DO NOT** ship products containing visible blood spills or broken glass. Shipments returned to Drucker which contain blood spills or broken glass may be refused and returned to the original shipper.

## Shipping:

For all products covered under Drucker's Original or Extended Warranty:

For the continental USA, during the first three (3) months of the original warranty period Drucker Diagnostics will cover freight expenses to ship centrifuge products covered under warranty both to and from Drucker's approved servicing center. After the first three (3) months of the original warranty period, the customer is responsible for in-bound freight charges while Drucker Diagnostics is responsible for out-bound freight charges to return product to the customer. All instruments ship ground unless the customer covers costs for expedited shipping. Drucker Diagnostics is not responsible for any delays occurring during transport of the Product.

For international product returns, please contact your local distributor to confirm warranty details and return instructions.

For all products which are not covered under Drucker's Original or Extended Warranty:

The customer is responsible for all shipping expenses to ship products to and from Drucker's approved servicing center.
